

Oregon **TECH** Alumni Association April 2018

ALUMNI SPOTLIGHT

Meet Stuart Jantze, a 2004 Civil Engineering alumnus who knows the true meaning of philanthropy. Read about Stuart and how he's helping the ASCE Concrete Canoe team perform at their best (and safest) this weekend, April 6 & 7, in Klamath Falls during the Concrete Canoe Competition at Moore Park.

Statewide Competition

Centered around innovation and entrepreneurship, InventOR is a state-wide competition that pushes college level students within Oregon to address social and economic challenges seen across the state and develop creative solutions. This year, Oregon Tech is hosting the competition that involves 12 public and private universities and has more than double the participating teams compared to last year. With the first place prize of \$25,000, this competition is sure to bring amazing ideas and innovative designs. Be sure to attend the event on June 29th!

MMET Challenge Match

The MMET Department has been awarded a challenge grant of \$50,000 provided the department can raise \$50,000 through its own efforts by **MAY 1, 2018!** This grant will be used to purchase the highest priority equipment as designated by Associate Dean in the College of Engineering, Technology and Management (ETM), Brian Moravec. These resources are on par with those used in industry and will provide valuable experience and hands-on learning opportunities to each student in the MMET program for years to come.

Make a gift by visiting
www.oit.edu/matchMMET
and help us turn \$50,00 into \$100,000!

Phone-a-thon

Oregon Tech's Spring Phone-a-thon is right around the corner! As alumni, you may be receiving a call from one of our friendly and enthusiastic student callers to inform you about Oregon Tech news and talk with you about your experiences as students and alumni! Keep your phones close as all of our callers are excited to hear your stories.

Stay Connected

Want to stay connected but not sure where to start? Check out a new feature on our website that details ways YOU can stay connected as alumni.
