The Oregon Tech Alumni Association is partnering with Career Services for a virtual networking event!

Please join us on **Wednesday, August 5, 2020** at 5PM to:

- Mentor and share your knowledge with new alumni
- Build new connections
- Seek new work opportunities and/or career advice
- Hire from our talented Oregon Tech community
- Learn more about how Career Services is a benefit for all alumni

The event will feature a Q&A with alumnus John O'Connor '75, Instructional Systems Specialist at US Air Force and Career Transitions Coach. John will be joining the call to share advice for the group and we will also chat about the different resources that the Alumni Association and Career Services have to offer. Time for small group networking will be provided via Zoom breakout rooms.

Seeking scholarship readers!

The Oregon Tech Foundation needs readers to review scholarship applications this summer, during the last two weeks of July. The scores provided by volunteer readers are then used by the Scholarship Committee to determine the award recipients.

Time and again, recipients attest to the encouragement they felt upon receiving their awards and the significant difference the scholarships made to their financial situations.

What to expect:

- Training to help you can confidently evaluate applications
- A packet of about 20-25 applications; you will only review the activities charts and essays.
- A commitment of approximately 10-hrs over a 2-week period
