Housing & Residence Life

This office strives to build an on-campus community that promotes academic success and fosters personal growth. The Residence Life program is designed to augment the formal experience of the classroom and laboratory, while providing opportunities for residents to meet others from diverse backgrounds and cultures, and to develop a sense of community within the Residence Halls.

Connect by living on campus. Living on campus is a great way to make life-long friends, meet people from diverse backgrounds and cultures, participate in campus activities, and develop a close-knit community with peers. Students have the option to live in either the Residence Hall or the Village for Sustainable Living. Trained Resident Advisors and Student Success Mentors assist residents with personal and academic needs.
