PREFACE

“The facts fairly and honestly presented; truth will take care of itself.”

--William Allen White (1868-1944)

The purpose of the Oregon Institute of Technology Fact Book is to provide the university community and constituencies with the most commonly requested information on OIT's students, faculty, staff, finances, and other demographics. Longitudinal data is also included, where appropriate. My thanks go to the many people on campus who help us create the most consistent and accurate compilation of information as is possible.

This 10th edition of the Fact Book has been produced by Dale Estes, Research Analyst, in the Institutional Research office. Comments for the improvement of future publications should be sent to me by email (anjela.duchi@oit.edu), to Dale (dale.estes@oit.edu) or also to Dr. Joseph Holliday, VP for Student Affairs and Enrollment Management (joe.holliday@oit.edu). The electronic version of this document may be accessed through the OIT website at <http://www.oit.edu/ir>.
