## PREFACE

**“To write it, it took three months; to conceive it-- three minutes; to collect the data in it-- all my life.”**

--F. Scott Fitzgerald (1896-1940)

The Oregon Institute of Technology Fact Book serves two basic purposes. First, it provides the university community and constituencies with the most commonly requested information on OIT's students, faculty, staff, finances, and other demographics. Second, through the Fact Book, we seek to provide a consistent history of this information, for longitudinal data is also included, where appropriate. My thanks go to the many people on campus who help us create the most consistent and accurate compilation of information as is possible.

This year, *Table 8.5: Performance Indicator and Target Summary* has been expanded and replaced by the addition of SECTION 9: PERFORMANCE MEASUREMENT. These documents were submitted by OIT and are excerpted from the system-wide **OUS 2008 Performance Report to the Board of Higher Education** which can be found at <http://www.ous.edu/factreport/mp/board.php> in its entirety.

This 11th edition of the Fact Book has been produced by Carl Moody, Research Analyst, in the Institutional Research office. Comments for the improvement of future publications should be sent to me by email ([anjela.duchi@oit.edu](mailto:anjela.duchi@oit.edu)) or to Carl ([Carl.Moody@oit.edu](mailto:Carl.Moody@oit.edu)). The electronic version of this document may be accessed through the OIT website at <http://www.oit.edu/ir>.
