

## PREFACE

The 2003-2004 Oregon Institute of Technology Fact Book is designed to provide accurate and consistent information to the OIT community and constituencies. This document is found on the OIT website at <http://www.oit.edu/ir> and will serve as the basis for focused planning, program development, and effective assessment for institutional improvement. This Fact Book provides current information for the academic year 2003-04.

Every effort has been made to include the data which is most often requested. This material will be updated periodically upon request.

This seventh edition of the Fact Book has been produced by Dale Estes, Research Analyst, in the Institutional Research office. Dale deserves a special commendation for her continuing service and contributions to data integrity and the development of special reports for assessment.

I especially want to thank Anji Duchi for her leadership this past academic year as we reconstituted the IR office.

Comments for the improvement of future publications should be sent to the IR office by email ([anji\\_duchi@ous.edu](mailto:anji_duchi@ous.edu) or [estesd@oit.edu](mailto:estesd@oit.edu)) and/or to the office of the President.

Martha Anne Dow  
President
